In case of an emergency

If you are injured and it is an emergency, you should seek treatment at the nearest medical care facility immediately. This also applies if you are injured outside the service area. Emergency care does not require preapproval. Texas law defines "medical emergency" as a medical condition that comes up suddenly.

After you receive emergency care, you may need ongoing care. Select a network doctor from the WorkWell, TX network. The doctor you choose will oversee the care for your injury. You must obtain referrals to see another health care provider or specialist from your treating doctor, except for emergency care.

Non-emergency care

Report your injury to your employer as soon as you can. Find a network treating doctor on texasmutual.com or by downloading the WorkWell, TX mobile app. Go to that doctor for treatment.

Treatment prescribed by your doctor may need to be approved in advance. Your doctor needs to request approval from the network for a specific treatment before the treatment or service is provided. You may continue to need further care after completing the approved treatment.

Choosing a treating doctor

If you are hurt at work and it is not an emergency and you live in the network service area, you must choose a treating doctor from the WorkWell, TX network. This is required so that WorkWell, TX covers the costs for the care. If you belong to a health maintenance organization (HMO) at the time of your injury, you may choose your HMO primary care doctor as your treating doctor. You must have chosen the doctor as your primary care doctor before your injury. We will approve the choice of your HMO doctor if they agree to the terms of the network contract and to abide by applicable laws.

For a list of network doctors available in your area, please visit texasmutual.com or download the WorkWell, TX mobile app. The WorkWell, TX provider directory is updated monthly. Doctors who speak Spanish or who are no longer taking new patients will be flagged with an icon on their record.

If your treating doctor leaves the network, we will notify you in writing. You will have the right to choose another treating doctor from the network directory. If your doctor leaves the network and you have a life threatening or acute condition for which a disruption of care would be harmful to you, your doctor may request to continue your treatment for an extra 90 days.

If you live outside of the service area, you may request a service area review by calling Texas Mutual. You should provide proof to support your request. Texas Mutual will inform you of its decision within seven days of receiving your request. If you disagree with Texas Mutual's final decision, you have the right to file a complaint with the Texas Department of Insurance. Your complaint must include your name, address, phone number, a copy of Texas Mutual's decision and any proof you sent to Texas Mutual for review. A complaint form is available on the Department's website.

When waiting for Texas Mutual to make a decision or for the Texas Department of Insurance to review your complaint, you are still expected to use the network for all health care. You may be required to pay for health care services received out of the network if it is decided you do live in the network's service area.

Changing doctors

If you are not satisfied with your first choice of a treating doctor, you can select a different treating doctor from the network directory. We will not deny your choice to see a different treating doctor. Before you can change treating doctors a second time, you must get permission from the network by calling (844) 867-2338.

Referrals

You do not have to get a referral if you have an emergency. All other health care and specialist referrals should be made through your treating doctor. All health care services that you request will be made available by the network on a timely basis, as required by your medical condition. This includes referrals. All health care services, including referrals, will be made available within 21 days after your request.

Out-of-network approvals

WorkWell, TX must approve all of your treating doctor or specialist's out-of-network referrals before you visit the provider. If you need to request approval, please call (844) 867-2338.

Payment for health care

Network doctors have agreed to seek payment from Texas Mutual for your treatment. They will not look to you for payment. If you receive treatment from a doctor who is not in the network without prior approval from WorkWell, TX, you may have to pay for the cost of that care. Medical costs for treatment by non-network health care providers may be covered only if one of the following situations occurs:

- Emergency care is needed. You should go to the nearest hospital or emergency care facility.
- You do not live within the service area of the network.
- Your treating doctor or specialist refers you to an out-of-network provider or facility and WorkWell, TX approves the referral.
- You have chosen your HMO primary care doctor. Your doctor must agree to abide by the network contract and applicable laws.

Preauthorization, adverse determination and independent review

A list of the procedures and services that need preauthorization is on texasmutual.com. The list in this packet is not intended to be all-inclusive; health care is an evolving science. Procedures and treatments requiring prior approval will also evolve. Treating providers should verify preauthorization requirements by referring to the updated list on texasmutual.com.

If WorkWell, TX denies the request, you or the requesting doctor may ask for a review of that decision. If still dissatisfied, you, your provider or a person acting on your behalf may request an independent review. The preauthorization agent will provide any relevant medical records related to the injury to the independent review group. They may also provide any treatment guidelines used and a list of the doctors who provided care to you.

Complaints

We take your concerns seriously. If you are dissatisfied, you can file a complaint with WorkWell, TX. You may do this if you are not satisfied with any aspect of the network, including care you received. You must file your complaint within 90 days after the date of the event that is the basis for the complaint.

If you have questions about the complaint process you can reach the Grievance Coordinator by phone at (844) 297-5723, by fax at (512) 224-8800, by email at wwtxcomplaints@texasmutual.com, or by mail at the address below.

WORKWELL, TX

Employee Acknowledgment of Workers' Compensation Network

I have received information that informs me how to get health care under my employer's workers' compensation insurance.

If I am hurt on the job and live in a service area described in this packet, I understand that:

- I must choose a treating doctor from the list of doctors in the network. Or, I may ask my HMO primary care physician to agree to serve as my treating doctor. If I select my HMO primary care physician as my treating doctor, I will call Texas Mutual Insurance Company at (844) 867-2338 to notify them of my choice.
- I must go to my treating doctor for all health care for my injury. If I need a specialist, my treating doctor will refer me to a specialist. If I need emergency care, I may go anywhere.
- Texas Mutual will pay the treating doctor and other network providers for the treatment for my compensable injury.
- I may have to pay the bill if I get health care from someone other than a network doctor without prior network approval.

Knowingly making a false workers' compensation claim may lead to a criminal investigation that could result in criminal penalties such as fines and imprisonment.
